2026 Intern Reflections

"I learned how mission shows up in the small, everyday choices we make for students. I finally understood Ignatian work as something lived, not just taught." - 2026 Intern

"I saw firsthand how much care goes into every decision, and how much room there is still for growth, innovation, and deeper inclusion. I want to be part of that work. I want to help push these already strong institutions to become even stronger." - 2026 Intern

"I love what the Jesuits stand for and how welcoming they are. I felt good being at an institution like that. It feels different than public institutions in a very good way." - 2026 Intern
